NATIVE SEEDS FROM THE PACIFIC NORTHWEST

1939

CARL S. ENGLISH, JR.

8546 30th AVE. N. W. SEATTLE, WASHINGTON, U. S. A.

* * * * *

PRICE 25 CENTS PER PACKET

All seed orders are sent postpaid. Kindly send remittance with your order. We earnestly endeavor to keep our seeds of the highest quality but, having no control over the many factors involved, we cannot guarantee your success in germinating and growing our seeds. However, we are always glad to furnish helpful suggestions.

SEEDS OF HERBACEOUS PLANTS

- Achlys triphylla - Woodland dweller; dry leaves fragrant.
- Allium acuminatum - Fl. rose color; showy.
- Allium cernuum - Leaves persistent; fl. rose-lavender.
- Anemone Drummondii - Alpine; fl. creamy; height 4-6 in.
- Anemone hudsoniana - Alpine; fl. creamy; height 6-8 in.
- Anemone narcissiflora (Alaska) - Alpine; fl. creamy; clustered.
- Antennaria media - Matted alpine; foliage gray; fl. creamy.
- Aquilegia formosa - Columbine; fl. red and yellow.
- Arabis blephrophylla - Fl. delicate pink; showy; 4-6 in. high.
- Arabis canescens - Alpine; fl. white; foliage gray; low growing.
- Arabis Lyallii - Tiny alpine; fl. lavender; foliage green.
- Caltha biflora - Marsh-marigold; moisture-loving; fl. white.
- Camassia azurea - Camas; fl. blue, in spike; 12 in. high.
- Camassia Leichtlinii - Fl. large, blue, in spike; height 2 ft.
- Camassia Quamash - Fl. blue, in spike; height 14-18 in.
- Campanula Piperi - Choice alpine from Olympics; fl. blue.
- Campanula Scouleri - Fl. pale blue, nodding; stems 4-8 in. high.
- Cimicifuga elata - Shade-loving; height 6 ft; fl. white racemes.
- Clintonia uniflora - Lovely; lily-like; shade-loving; fl. white.
- Cogswellia nudicaulis - (Umbelliferae); aromatic foliage; arid.
- Cogswellia triternata - Showy, golden fl.; 6-8 in. high.
- Cogswellia utriculata - Foliage finely cut; fl. golden, showy.

PLANT LIFE OF THE

All seed orders are sent postpaid. Plants and
seedlings with your order. We guarantee
our seeds of the highest quality but, owing to
over the many factors involved, we cannot guarantee
success in germination and growing our seeds. However, we
are always glad to furnish helpful suggestions.

SEEDS OF EXOTIC PLANTS

Asclepias tuberosa - Butterfly flower; dry leaves medicinal.
Althaea rosea - M. rosea color, showy.

Althaea rosea - Leaves medicinal; M. rosea color.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Anemone pulsatilla - M. rosea color, height 2-3 ft.

Cornus canadensis - Canada dogwood; shade-loving herb; height 6 in.
Cynoglossum grande - Height 2 ft.; fl. blue; shade-loving.
Delphinium glareosum - From alpine scree; 6-8 in.; fl. violet-blue.
Delphinium Menziesii - Rock-loving; 4-8 in. high; fl. blue-purple.
Delphinium trolliifolium - Of woodlands; 1½-2 ft. high; fl. blue.
Disporum trachycarpum - Of woodlands; fl. white; fruit orange.
Dodecatheon dentatum - Stems 3-5 in. high; fl. white; leaves dentate.
Dodecatheon Hendersoni - Of prairies; fl. deep rose; 10-12 in. high.
Dodecatheon Jeffreyi - Bog plant; robust stems; fl. deep rose. 1 ft.
Dodecatheon pauciflorum - Fl. pink; height 6-8 in.
Dodecatheon pauciflorum (Giant strain) - Height 16-18 in.; fl. very large, pink to deep rose; perhaps our best shooting star.
Dodecatheon poetium - Height 8-10 in.; fl. rose-pink.
Douglasia laevigata - Choice alpine rock plant; fl. pink, profuse.
Douglasia dentata - Choice alpine rock plant; foliage gray; fl. rose.
Draba andina - Tiny alpine; fl. yellow; foliage tufted.
Draba caeruleomontana - Tufted alpine; fl. golden yellow; one of best.
Draba incerta - Tufted alpine; fl. yellow; 2-3 in. high.
Draba lonchocarpa - Very tiny alpine; fl. white.
Draba Nelsoni - Choice, tufted alpine; fl. golden yellow.
Draba nevolympica - Tiny alpine, in broad tufts; fl. bright gold.
Draba oliginosperma - Foliage gray; fl. yellow.
Draba Paysoni - Foliage gray; fl. yellow.
Draba ruaxes - Foliage gray; fl. yellow.
Echinocactus Simpsoni - Hardy, barrel cactus; fl. brightest red.
Erigeron aureus - Choice alpine; fl. golden; long-blooming; 2-4 in. high.
Erigeron Flettii - Similar to *E. aureus* except for white fl.; taller.
Erigeron hispidissimus - Desert daisy; fl. lavender; 4-6 in. high.
Erigeron Howellii - Fl. large, white, showy; 12 in. high.
Erigeron Leibergii - Dwarf alpine; fl. lavender; 4 in. high.
Erigeron salsuginosus - Mountain daisy; meadows; lavender to purple fl.
Erigeron speciosus - 1-2 ft. high; profuse bloomer; fl. lavender.
Erigeron trifidus - Alpine; foliage minutely cut; fl. lavender.
Eriophyllum leucophyllum - Matted alpine; fl. orange-gold; 2 in. high.
Eriophyllum multiflorum - Desert biennial; fl. yellow; 6-10 in. high.
Eriophyllum lanatum - Oregon sunshine; fl. golden, daisy-like.
Erysimum capitatum - Fl. orange; height 2 ft.
Erysimum torulosum - Fl. yellow, in dense heads; height 6-10 in.
Erythronium montanum - Avalanche lily; fl. white; mountain meadows.
Erythronium oregonum - Fl. white, very large; leaves mottled; shade.
Fritillaria lanceolata - Chocolate lily; of woodlands; 12 in. high.
Geranium oreganum - Rare; of woodlands; fl. deep rose, attractive.
Geranium viscosissimum - Dry woods; fl. pink.
Geum campanulatum - Alpine; fl. rose, urn-shaped; stems 3-8 in.
Gilia aggregata - Fl. fiery red; biennial; 12-18 in. high.
Gormania Watsoni - Foliage fleshy; fl. creamy; neat clumps.
Hedysarum occidentale - Fl. rose color; stems 1 ft. high.
Heuchera micrantha - Alum root; fl. white, in loose panicles.
Hosackia bicolor - Unique fl., yellow and white; moisture-loving.
Iris chrysophylla - Fl. cream; 6-8 in. high; delicate.
Iris Douglasiana - Foliage evergreen; fl. lavender; robust clumps.
Iris Douglasiana (Dwarf) - Like above but lower growing; fl. frilled.

- Iris innominata* (lavender) - Rare; fl. lavender; foliage narrow.
Iris innominata (yellow) - Rare; fl. bright golden; foliage narrow.
Iris missouriensis - Fl. shades of lavender; 1-2 ft. high.
Iris tenax - Low-growing; fl. large; lavender; foliage grass-like.
Iris setosa (Alaska) - Swamp iris; fl. lavender; stems 1-2 ft. high.
Lewisia columbiana - Foliage in rosette; fl. pink; good rock plant.
Lewisia Heckneri - Rosette large, fleshy; fl. pink, abundant, lovely.
Lewisia Howellii - Large rosette, fleshy; fl. striped pink.
Lewisia rediviva - Fl. pink to deep rose, large; like water lily.
Lilium columbianum - Tiger lily; woodlands; fl. orange; to 6 ft. high.
Linum Lewisii - Flax; fl. blue; stems 1 ft. high.
Linanthus Douglasii - Choice annual; fl. yellow and white.
Luetkea pectinata - Choice, evergreen, mat-forming alpine; fl. white.
Lupinus Lyallii - Alpine; fl. lavender-blue; foliage gray; 6 in. high.
Lysichiton americanum - Skunk cabbage; fl. golden yellow; for bogs.
Mimulus guttatus - Yellow monkey flower; 8-12 in high.
Parrya Menziesii - Choice desert plant; fl. lavender-rose; fragrant.
Penstemon amabilis - Fl. lavender; stems 1 ft. high.
Penstemon diffusus - Fl. lavender; stems 12-14 in. high.
Penstemon euglaucus - Foliage gray; fl. lavender-blue; stems 12 in.
Penstemon nemorosus - Woodland species; fl. purple; leaves large.
Penstemon ovatus - Stems 2-4 ft. high; fl. lavender-blue, showy.
Penstemon pinetorum - Stems 1-2 ft. high; fl. lavender-blue.
Penstemon Richardsoni - Branches 1-2 ft. long; fl. rose; foliage cut.
Penstemon Tolmiei - Alpine; stems 4-6 in high; fl. blue; fragrant.
(For remainder of penstemons see shrub list)
Phlox diffusa - Mat-forming alpine; fl. pinkish lavender; dainty.
Physaria alpestris - Rare alpine; foliage gray; fl. yellow.
Polemonium carneum - Fl. flesh-colored; profuse; 1-2 ft. high.
Polemonium pilosum - Fl. blue; 6-8 in. high.
Polemonium humile - Fl. blue; 10-12 in high.
Polemonium parvifolium - Fl. blue; 6-8 in high.
Potentilla glaucophylla - foliage gray-green; fl. yellow; 6 in. high.
Potentilla gracilis - Fl. yellow; stems 1 ft.
Potentilla villosa - Foliage silky, gray-green; fl. yellow; low.
Saxifraga peltata - Leaves peltate, large; fl. pink; height 3 ft.
Sedum integrifolium - Alpine; fl. deep rose; stems 3-4 in.
Sedum spathulifolium - Foliage gray-green; fl. yellow.
Sedum stenopetalum - Foliage bronzy-green; fl. yellow.
Sidalcea campestris - Fl. pure pink; stems 2-3 ft. high.
Sisyrinchium birameum - Blue-eyed grass; fl. blue; stems 10-12 in.
Sisyrinchium californicum - Fl. yellow; 6-8 in. high.
Sisyrinchium Douglasii - Choice; early spring; fl. lavender to purple.
Smelowskia americana - Choice, tufted alpine; foliage gray; fl. white.
Smilacina racemosa - False Solomon's seal; for shady woodlands.
Solidago algida - Alpine golden-rod; fl. yellow; stems 6-8 in.
Streptopus amplexifolius - Shady woodlands; fl. white; fruit orange.
Streptopus curvipes - Mountain woodlands; fl. rose; fruit red.
Synthyris lanuginosa - Rare, white-woolly alpine; fl. blue; Olympics.
Synthyris rotundifolia - Shady woods; fl. violet; early blooming.

Synthyris stellata - Choice shade plant; fl. violet; early blooming.
Talinum okanoganense - Rare, new rock plant; fl. satiny white.
Talinum spinescens - From arid regions; fl. brilliant red.
Tellima grandiflora - Shady woodlands; 2 ft. high; fl. pinkish.
Thermopsis montana - Fl. yellow, pea-like; stems 2-3 ft. high.
Thlaspi hesperum - Alpine; fl. white; 4-6 in. high.
Tiarella trifoliata - Shady woodlands; fl. white; 10-12 in. high.
Tiarella unifoliata - Similar to above plant.
Tofieldia occidentalis - Subalpine bog plant; fl. white; fruit red.
Tolmiea Menziesii - Shady woodlands; desirable foliage plant.
Trillium chloropetalum - Fl. white, sessile; shady woodlands.
Trillium ovatum - Fl. large, white; early blooming; woodland shade.
Trollius albiflorus - Wet, subalpine meadows; fl. white, showy.
Valeriana sitchensis - Subalpine meadows; fl. pinkish white, fragrant.
Vancouveria hexandra - Shady woodlands; unique foliage; fl. white.
Viola praemorsa - From open prairies; fl. yellow.
Viola trinervata - Desert pansy; fl. maroon and lavender; handsome.
Xerophyllum tenax - Bear grass; robust; foliage grass-like; fl. white.

TREE SEEDS

<i>Abies amabilis</i>	<i>Pinus monticola</i>
<i>Abies grandis</i>	<i>Pinus Murrayana</i>
<i>Arbutus Menziesii</i>	<i>Pinus ponderosa</i>
<i>Cornus Nuttallii</i>	<i>Pseudotsuga taxifolia</i>
<i>Juniperus communis</i> ,	<i>Thuja plicata</i>
var. <i>montana</i>	<i>Tsuga heterophylla</i>
<i>Juniperus scopulorum</i>	<i>Tsuga Mertensiana</i>

SHRUB SEEDS

Arctostaphylos tomentosa - Manzanita; evergreen shrub; fl. pinkish.
Arctostaphylos uva-ursi - Kinnikinnick; excellent ground cover.
Cassiope tetragona - Dwarf alpine heath; fl. white.
Ceanothus velutinus - Evergreen shrub; fl. white.
Clematis columbiana - Climbing vine; fl. violet-blue, showy.
Diapensia obovata - (Alaska) Low, matted, evergreen; fl. white.
Echinopanax horridum - Devil's club; leaves large; berries red.
Eriogonum compositum - Height 2 ft.; fl. creamy, in large umbels.
Eriogonum heracleoides - Mat-forming; fl. creamy white, in umbels.
Eriogonum sphaerocephalum - Low, mat-forming; foliage white woolly;
fl. sulphur yellow, in showy umbels.
Eriogonum thymoides - Low, spreading shrub with minute, thyme-like
leaves; fl. from yellow to wine color; profusely borne.
Garrya Freemontii - Evergreen shrub; fl. clusters long and drooping.

Asplenium platyneuron - Choice shade plant; fl. violet; early blooming.
Urtica dioica - Rare, new look plant; fl. white; early blooming.
Salix glauca - From arid regions; fl. brilliant red.
Salix glauca - Shady woodlands; 3 ft. high; fl. brilliant red.
Thermopsis montana - Fl. yellow, pea-like; stems 2-3 ft. high.
Salix glauca - Alpine; fl. white; 4-6 in. high.
Salix glauca - Shady woodlands; fl. white; 10-12 in. high.
Salix glauca - Similar to above plant.
Salix glauca - Subalpine bog plant; fl. white; 1-2 in. high.
Salix glauca - Shady woodlands; desirable for landscape.
Salix glauca - Fl. white, serrated; early blooming.
Salix glauca - Fl. large, white; early blooming; woodland shade.
Salix glauca - Wet, subalpine meadows; fl. white, showy.
Salix glauca - Subalpine meadows; fl. pinkish white; 1-2 in. high.
Salix glauca - Shady woodlands; unique foliage; fl. white.
Salix glauca - From open prairies; fl. yellow.
Salix glauca - Desert grassy; fl. maroon and lavender; handsome.
Salix glauca - From grassy, robust; foliage greenish; fl. white.

SEEDS SEEDS

Salix glauca - Mountain; evergreen shrub; fl. pinkish.
Salix glauca - Mountain; evergreen shrub; fl. pinkish.
Salix glauca - From alpine basin; fl. white.
Salix glauca - Evergreen shrub; fl. white.
Salix glauca - Climbing vine; fl. violet-blue, showy.
Salix glauca - (Alaska) low, matted, evergreen; fl. white.
Salix glauca - Devil's club; leaves large; berries red.
Salix glauca - Height 2 ft.; fl. creamy, in large umbels.
Salix glauca - Mat-forming; fl. creamy white, in umbels.
Salix glauca - Low, mat-forming; foliage white woolly; fl. alpine yellow, in showy umbels.
Salix glauca - Low, spreading shrub with white, thyme-like leaves; fl. from yellow to wine color; profusely blooming.
Salix glauca - Evergreen shrub; fl. albatross long and drooping.

- Gaultheria ovatifolia* - One of our choicest, low-growing, evergreen, alpine shrubs; leaves shiny; fl. pinkish; berries red.
- Gaultheria shallon* - Salal; evergreen shrub, 2-3 ft.; fl. white.
- Kalmia polifolia* - Swamp laurel; fl. pink, showy.
- Kalmia microphylla* - Mountain laurel; tiny, subalpine; fl. pink.
- Ledum columbianum* - Very rare; leaves glabrous beneath; fl. white.
- Ledum glandulosum* - Subalpine, evergreen shrub; fl. abundant, white.
- Ledum groenlandicum* - Labrador tea; evergreen; fl. white.
- Loiseleuria procumbens* - (Alaska) Tiny, alpine shrub; fl. pink.
- Lonicera involucrata* - Twinberry; bushy shrub; fruit black.
- Luetkea pectinata* - Mat-forming, evergreen, alpine; fl. white.
- Mahonia Aquifolia* - Oregon Grape; fl. yellow; fruit blue.
- Mahonia nervosa* - Shade-loving; fl. yellow; fruit blue; 1-2 ft. high.
- Penstemon Barrettae* - Rare; evergreen; fl. rose-color.
- Penstemon Cardwellii* - Mat-forming shrub; fl. lavender; choice.
- Penstemon deustus* - Desert shrub; fl. white.
- Penstemon Edithae* - (*P. rupicola* X *P. Barrettae*). Evergreen; showy bright pink flowers; height 1 ft.
- Penstemon fruticosus* - Spreading shrub; fl. lavender.
- Penstemon Gairdneri* - Desert shrub; fl. pink.
- Penstemon Menziesii* - Mat-forming, alpine shrub; fl. lavender.
- Penstemon rupicola* - Showy, mat-forming, subalpine; fl. cherry red.
- Penstemon variabilis* - Evergreen shrub; 1½ ft. high; fl. yellowish.
- Penstemon venustus* - Forms large clumps; fl. lavender, handsome, in numerous, large panicles; a very showy plant.
- Petrophytum caespitosum* (*Spiraea*) - Very dwarf, mat-forming, evergreen shrub; foliage gray; fl. white, spike-like racemes.
- Petrophytum cinerascens* (*Spiraea*) - Similar to above but glabrous.
- Philadelphus Gordonianus* - Mock Orange; fl. white, very fragrant.
- Philadelphus Lewisii* - More dwarf than above species.
- Phlox occidentalis* - Height 1 ft.; fl. showy, pink.
- Phyllodoce empetriformis* - Alpine heath with pink fl.
- Physocarpus opulifolius* - Ninebark; fl. white.
- Purshia tridentata* - Evergreen, desert shrub; fl. yellow.
- Rhododendron albiflorum* - Mountain rhododendron; deciduous; fl. white.
- Rhododendron californicum* - Evergreen; fl. pink, very showy.
- Rhododendron occidentale* - Native azalea; fl. cream to pinkish.
- Ribes aureum* - Golden currant; 4-6 ft. high; fl. golden yellow.
- Ribes cereum* - Fl. white to pinkish; fruit red.
- Ribes sanguineum* - Red-flowering currant; choice shrub; fl. early.
- Rosa gymnocarpa* - Of woodlands; fl. small, dainty, pink.
- Rosa nutkana* - Showy; fl. large, pink.
- Rosa pisocarpa* - Fl. large, pink, in clusters; showy.
- Shepherdia canadensis* - Buffalo berry; fruit red; foliage brownish.
- Sorbus dumosa* - Mountain ash; from subalpine meadows; fruit crimson.
- Sorbus occidentalis* - Mountain ash; large shrub; fruit scarlet.
- Spiraea Douglasii* - Moisture-loving; fl. pink, in terminal panicles.
- Spiraea Menziesii* - Subalpine shrub; fl. showy, pink.
- Vaccinium ovatum* - Evergreen huckleberry; lovely shrub; fruit edible.
- Vaccinium parvifolium* - Red huckleberry; fruit showy, edible.

EXOTIC SEEDS

Achillea umbellata	Rhododendron brachycarpum
Anemone Leivellii	" callimorphum
Anemone pulsatilla	" chasmanthoides
Anemone magellanica	" compylocarpum
Anemone pratensis	" compylogynum
Anemone vernalis	" calostrotum
Berberis Darwinii	" canadense
Chaemomeles japonica	" caucasicum
Cistus salvifolius	" chartophyllum
Cistus ladaniferous	" ciliatum
var. maculatus	" campanulatum
Cytisus nigricans	" cuneatum
Cytisus supinus	" decorum
Dianthus alpinus	" desquamatum
Dianthus neglectus	" diphrocalyx
Dianthus sylvestre	" Fargesii
Digitalis ambigua	" fimbriatum
Draba aizoides	" hemitrichotum
Draba olympica	" hippophaeoides
Erica ciliaris	" hypolepidotum
Erica Tetralix	" impeditum
Erica cinerea	" lepidotum
Erica umbellata	" lutescens
Erysimum alpestre,	" macranthum
var. aurantiacum	" mollicomum
Fumana procumbens	" neriiflorum
Gaultheria hispida	" occidentale
Genista anglica	" oleifolium
Genista depressa	" polylepis
Genista sagittalis	" pruniflorum
Genista pilosa	" racemosum
Geum montanum	" rhantum
Helianthemum lasianthum	" Schlippenbachii
Helianthemum Tuberaria	" Searsiae
Iris Forrestii	" Smirnowii
Lychnis alpina	" stenoplastum
Meconopsis betonicifolia	" stereophyllum
Meconopsis Dhwojii	" tephropeplum
Meconopsis grandis	" triflorum
Oxydendron arboreum	" tsangpoense
Petrocoptis Lagacae	" Tschonoskii
Pieris floribunda	" Vaseyi
Pieris japonica	" villosum
Primula Bulleyana	" virgatum
Primula Littoniana	" viscosum
Primula Smithiana	" Wallichii
Ranunculus gramineus	" yunannanense,
Rhododendron adenogynum	var. praecox
" arboreum	zaleucum
" argyrophyllum,	Sedum pilosum
var. cupulare	Styrax japonica
" Baileyi	
" Balfourianum
